Rubber Band Car Challenge

How You Were Graded

This project is about more than just how far your car goes! You were graded on your planning, effort in class, and how well you completed your worksheet and final design. You hopefully tried your best and used your time well, so be proud of your work!

<p>Planning</p> <p>You drew and labeled two different car designs, compared them, and explained how you could make your car better. You thoughtfully filled out the planning part of the worksheet.</p>	<p>/ 20</p>
<p>Effort in Class (Day 1)</p> <p>You stayed focused and used your class time well to plan and begin building your car.</p>	<p>/ 7</p>
<p>Effort in Class (Day 2)</p> <p>You continued to work hard and stayed focused while testing, fixing, or improving your car.</p>	<p>/ 7</p>
<p>Final Performance</p> <p>Your final car was powered by rubber bands only and could move on its own.</p>	<p>/ 4</p>
<p>Final Thoughts</p> <p>You drew and labeled your final car design and thoughtfully completed the worksheet about what worked, what didn't, and what you would do differently next time.</p>	<p>/ 12</p>
